 PRESS

with contributions from  
the people who were there

Personally compiled and curated by Yoko Ono, this beautiful and definitive volume reveals the complete inside story of the making of the critically acclaimed album, and all that surrounded it, at their home, Tittenhurst Park, and in London and New York during 1971. With a message as pertinent today as it was when the album was written, this landmark book is a tribute to one of the most important creative collaborations of the twentieth century.
